INSTRUCTIONS.

Bring out a little more the detail of the leaded glass windows on both sides. Help along just a little more on the beamed ceiling of this Church, but do not bring this out too strong. Don't spoil the effect. Possibly the pews, especially those on the right side, should be darkened a trifle as otherwise the oak color of these may come out too light.

The general color scheme of this interior is similar to the enclosed card, that is, the woodwork is a brown or sepia, the stone gray; the plastered walls cream color; the lighting fixtures bronze with amber glass; the predominating colors of the chancel and aisle windows are blue and red and the clerestory windows silvertone, with spots of green, red and blue here and there.

INSTRUCTIONS.

Color of water green.
All railings oak, also chairs and benches oak.
Smokestacks black
Waterline red.
Name Claiborne Annapolis Ferry and also John M. Dennis Black.
Body of ship white.

Also place a golden rod band around each stack at top, where the red appears on card 719-30 of Chesapeake Steamship Co.
The Maryland Colors are Orange & Black.

Also advise in case you had smoke coming out of the stacks and a U.S. flag on rear of back smokestack and a state of Md. flag of Orange & black, what would the additional cost be added to the base price. They may omit the smoke and then again they may omit the flags, so advise that these two separate additions would cost.

Make the following corrections and resubmit photograph to us.

- 1 - Remove the SMOKE
- 2 - " " FLAG that hangs over the rear stairs entirely
- 3- The U.S. Flag and The State of Md. Flag (orange & black) on poles over the pilot houses are okeh
- 4 - Substitute the flag with stars in a blue field in place of the American flag which hangs out (see blue star flag on bough of city of Norfolk card #718-30 C.S.Co.) on a pole under the forward pilot house facing the front in which the ship is moving from Claiborne to Annapolis.
- 5 - It is okeh to have the two golden rod bands on smoke stacks (this designates the Md. colors (orange & black))
- 6 - The Maryland State Flag is to be orange and black
- 7 - The Guard that is under the Name John M. Dennis and passes from one end to the other is to be black.

(over)

Signed

Form No. 318-2-20-30-4M

- 10 - Customer does not wish the sky flopped with white clouds, but wants a sun set effect. The sky to be solid blue with a golden sun set underneath similar or better than picture in upper right hand corner of card #112578 (Monticello S.S.Co.)

Golf Scene.

Take out the rough ground in foreground and make
smoother. It is a scene on the practice golf course.
The two mounds which show, one in the back, and
one at the left are the slopes of the two greens.
If you think best, these may be emphasized by making
them a little darker shade of green, or any way
you see fit. This picture will be good adver-
tising if it proves satisfactory.

Building View.

We are sending duplicates of three pictures of the same view for your advice and selection. There are certain things about each picture we like and inquire whether it would be expensive to make a composite and which one would make up best. They are numbered on the back I II & III.

I. We like the size and the foliage, but is is not as sharp as the others especially on left side of the building where sun is shining. Also lines of the bldg. at the left are not vertical and a palm tree is cut off.

II. A sharper picture than #I but the palm tree at the left covers the porch. Foliage should be out a little more.

III. The sharpest picture, but not enough foliage & the palm trees at the left and right are cut off.

Advise the best picture that can be secured without extra expense.

Color of bldg. red brick with white cement trim and white woodwork (window sash). Green lawn with low green hedge around the walk and drive.. A low stone wall on the far side of the drive.

This can be cut down as indicated and enlarged to proper size if you think it will look better. The lettering on the wall #5 under residences #2 & 3 can be made out with a hand lens. It is "The Wuhu General Hospital". Can you place this lettering on the wall? Make the building outline stand out more sharply, especially the portion of the wing which extends to the right from #1 in the picture.

REMARKS

INSTRUCTIONS.

No other retouching needs to be done on the foreground, but some of the buildings have to be lined out a little more in order to give them better detail, especially the Gym bldg. to the right, where a few lines in the windows will bring this bldg. out in the same way as the others.

Take away the sketchy effect of the trees. Make them look more like leaves and remove that clump of foliage under the large tree at the right, which now covers some of the Gym bldg. Change also the background at the right, making same appear like bushes or trees. Let us see this photo after you have finished the retouching.

Color of buildings is red brick with stone trim and green tile roof. The color ~~XXXXXX~~ of the brick is about like the card attached.

INSTRUCTIONS.

Enclosed find pen and ink drawing of Aladdin Hotel with advertising copy at top and bottom. Disregard every thing except the building, air planes, radio station, autos and individuals on street. See dummy post card enclosed.

Note that proof pasted on dummy is too small for card. Enlarge to fit card. You will notice that the pen and ink drawing is about the correct size. The "inked in" clouds were necessary sketch for the making of zinc plate. We suppose you will treat these differently on the American Art Post card.

Enclosed find old post card for color scheme. Due to XX some differences between detail on pen drawing from photo which was used in making of old post card. We suppose you will not be able to carry out all the color & detail that was used in old edition.
